**Town Center Master Plan Committee  
Request for Qualifications  
For  
Tewksbury Town Center Master Plan  
Addendum #1  
January 30, 2015**

Since there will be no design of any Public Building and the intent of the RFQ is not building design/ construction at this time the respondent does not need to answer question 4 and 6 under VIII. MINIMUM EVALUATION CRITERIA and they will not be part or considered by the Town as minimum qualifications of the respondent. Those questions are as follows:

4. Has the "Consultant" a minimum of five years' experience in the design and renovation of public buildings in Massachusetts?
  
6. Does the "Consultant" possess all necessary current licenses and registrations within the firm, to qualify under Massachusetts law to perform the function of the architect?
