

## Tewksbury Community Preservation Committee

### Regular Meeting Agenda and Discussion Item Policy

To be placed on the CPC's agenda for a discussion, please submit a letter to the committee requesting to be put on the agenda for this purpose with an explanation or questions about your interest for the committee to review.

As much information as is available would be appreciated for the committee to review prior to their meeting.

The public is always welcome at the meetings; however, discussion of concerns without prior submittals may be limited, due to lack of information or time constraints.

The deadline for these submittals is the Wednesday before the next meeting.

Information is to be delivered to the Community Development Office, (nine copies.)
